Students Greet Victors
On Their Return Home

By JOHN BRUCE

Approximately 1,200 people in Lafayette's football team were on hand to greet their College at 8 p.m. but the team failed to arrive. The members were carried off the field by several students. The team was met by Barron Station wagon rolled back on its wheels.

Waiting on the steps of Hagg Hall with the students were Dr. Charles C. Cole, Jr., dean of the college, and the family of Dr. Earl Wirt, the faculty adviser to the team. Maj. Harry V. Hargrove and 11 members of the college band provided music for the long procession. The crowd began to gather at 8 p.m. but the fans failed to arrive until nearly 9:30 p.m.

Dr. Cole felt that the administration was "very lenient" and that because of the "idolatry of freshmen," it was to his home earlier. The oldest member of the team, however, was sure of the answer. "We couldn't have done it without the other two," admitted team captain Barry Wollman '63. Robert Jones '63 told the student body, "I'm the stupid one and "76 Trombones," and "Call Me Ishmael," he kept a cigar and a beer bottle and added, "We should all have a great sense of freedom!"

At this point he was interrupted by a "doh! We should have been on the field," he replied that, "I don't know what they are doing by any means, but we need to get them back and then go for the next time."

At the end of the rally the students hoisted their Lafayette flags and carried them through the streets. The team was received by several students attempted to answer any questions. Dr. Wirt on their shoulders and both admission project was also before the first block.

Rathbone and Welsh to Talk Founders Day

The news department of Lafayette College, 325-105 Score Retires Champs.

NEW YORK — The College Bowl team showed both intelligence and ingenuity in putting its five consecutive wins.

The team used many tricks in the boy to win the ball on the opening. This still gave them a few receiv­ers to come up with the answer. The team also had a special cheering section during the game. Robin Wolfe '64, team member, remembered the answer, "We couldn't have done it without the other two," admitted team captain Barry Wollman '63. Any team that hopes to be a winning team needs the confidence that it can come up with the right play at the right time. A variety of tangibles can influence the presence or absence of such an attitude, the makeup of a team, and coaching is one of them.

But intangibles enter the picture just as readily. Although backbone will win in the majority of cases, there can be doubt that the breaks in a game can make all the difference. One day the key one or the "Lafayette family" for the enthusiastic support they gave them. For those who would like to offer our thanks to this team that has brought glory and honor to the name of Lafayette.

My thanks, to Captain Wellman and you, Mr. Friedman and you, Mr. Jones, and you, Mr. Wolfe, and last, thanks to Jeff Fiddler, alternate, who played for five weeks that nobody on the team would get sick.

A Suggestion

A few months ago, New Jersey's Gov. Hughes announced a policy of letting the state's schools of car driving 100 yards and occasionally of the program for this year.

RoGER SIRLIN

The Lafayette

The Kirby Program

BY JOHN HELLMAN

In college today, real communication is often hindered by almost non-existent. Words have become dry and meaningless because they arise from a special language — a language in clothes. The Kirby program was designed as an attempt to put spirit and lift back into the words and make the language come alive to people and create a real basis for communication of ideas.

The Method

This is believed to be possible by eliminating all traces of the pedantry in bringing the students together with the important men of our time on a totally informal basis. In this way the words would be linked with the vitality and enthusiasm of a personality. What is then communicated is not just words, but feeling and soul, which is the same exciting exchange and clash of ideas.

This is the second part of a two-part article by the President of the Student Council on Council activities for Student Council activities for this year.

Letters to the Editor

A letter to the editor must be signed by the writer in his own handwriting. The editor reserves the right to withhold the author's name upon request. The editor has the right to edit grammar and spelling, and any correspondence submitted for publication.

I know that I speak on behalf of the rest of the members of the Council Bowl Team, and I express my gratitude to the members of the Lafayette staff who have been so helpful to the team in the past two years. They have given us advice and support, which is a large degree, the Lafayette staff has been most helpful in this respect.

Sitting up there on that lonely seconds turn into a 71-yard run for Temple Owls. In each case a matter of seconds turned a Lafayette threat against Temple. Later in the same game a play was designed as an attempt to put spirit and lift back into the words and make the language come alive to people and create a real basis for communication of ideas.

Lafayette; Lichtenfeld Paces 21-0 Win

Templets Power, Speed Overwhelms Owls Use Tough Defense To Stop

When the Owls finished, they had eight yards rushing in the second half. Lafayette had six first downs and none in the second. The disastrous Lafayette performance was to the Owl 14 yard line — that also in the first half.

Lafayette was forced to kick off from their own 20 but were in trouble immediately when Bill Lites' punt was downed by Chi Phi in a shut out victory 12-0.

Shutouts In I-M Play: PhiDelt, DU, KDR Win

The second week of intramural football produced seven teams that were shutouts. Eight games were played in seven settings. Two presents were tied and there was one tie.

Tuesday's contests saw Kappa Sigma blank the first of the afternoon seven. Alpha Chi Beta by a score of 16-0. Rich Ammen was high scorer in this game, running for touchdowns.

Wednesday's contests saw Kappa Sigma blank the first of the afternoon seven. Alpha Chi Beta by a score of 16-0. Rich Ammen was high scorer in this game, running for touchdowns.

Saturday, the Leopard booters exploded for 12-0 over the Bucknell Bisons in their opening game. The Leopards pounded out five first downs. For the Leopards was the heads-up play of the interior defensive line.

Defensive Moves In — Owl Mark Lichtenfeld leads Fred Fuchs through the line as Gene Denahan moves for tackle.

Leonards Roll — Lafayette halfback John Brown sprints around end with Owl Bob Marshall in hot pursuit.

Freshmen Drop Opener To Penn, Run, Pass Spell 14-0 Defeat

By CHUCK SCHROEP

Franklin Field

Lafayette freshmen faced one of the finest frosh teams in Penn history Friday in their opening tilt. The Leopards made a zany Situation

Temple's fleet-footed Gene Denahan was caught in the end zone for a safety and a 2-0 lead. Temple lead.

Lafayette had six first downs in the opening period, the Owls drove 40 yards with their first drive, but were stopped short of the goal. On their second drive, the Owls moved out of bounds and the ball flew out of his hands. A Temple man caught the pass, cut back to the middle of the field and ran 25 yards before he was hit.

As he was tackled, Brown fumbled and the ball flew out of his hands. A Temple man caught the ball in the air and started back upfield. He was finally brought down near midfield. Then, the referee broke in and called the play back to the Lafayette line when fullback Bruce Baron was ruled out of bounds. The Leopard offense ground out five first downs. For the Leopards was the heads-up play of the interior defensive line.

Defensive Moves In — Owl Mark Lichtenfeld leads Fred Fuchs through the line as Gene Denahan moves for tackle.

Leonards Roll — Lafayette halfback John Brown sprints around end with Owl Bob Marshall in hot pursuit.

Vice President of Dixie Cup Co. Expands Local Industry Problems

Joseph W. Kuebler '32, president of the Eastern Area Industrial Organization and vice-president in charge of research and development, Bible Co., spoke at a Commerce Club meeting Thursday about the problems of industrial organization in Eastern Pennsylvania.

Council Prospectus

Continued from Page 2

State body. The student government should express its opinions in its own section of the paper if it desires with the approval of the newspaper. This council column would be a better-informed student body and a more wide-spread point of view on issues.

The student activities budget and its allocation is a most important part of Council. The allocations decide the areas of extracurricular life and where emphasis will be placed. Student Council must maintain rigid auditing checks with the various clubs and constantly evaluate the progress and productivity of the funds.

I would suggest that any loophole comes at the end of the academic year, when the new Council in a student continuity fund. The funds from the year before will be in the hands of the council and its purposes will be to aid students in need (the fund-raising drives for Sigma Phi Epsilon, Alpha Epsilon, and the foreign student fund).

This report only outlines certain of my hopes. It cannot be construed as the answer to all Council's problems or as an absolute guide for future actions. Council must remain flexible for any problems that do arise and give precedence to the more important.

The realm of student government. We have for the past few years now been widely known for our attitude and our administration of the area of campus relations.

The realm of student government. We have for the past few years now been widely known for our attitude and our administration of the area of campus relations.

Established in 1957, this organization was re-established in 1957 in order to bring about more business to the Easton area and to give aid to the businessmen already here.

He said that he and his business associates went to several other organizations such as the Pennsylvania Industry Authority and the Small Business Investment Organization to borrow money.

They received 40% of the money from these organizations, 30% from banks, and another 30% from private donations.

He expressed confidence that we will be able to pull it out of several new industries in the next year and 1/2 of the industries already established in the Easton area are going to expand.

TEMPLE POWER

Continued from Page 3

So, the muscles now began to work and he set his team out in his second goal stand of the day.

A short time later Hstoffenlopp pulled off the play of the game. On a rollout pass from his own end zone line, he was to be stopped. His break away up the middle, cut to the near sideline and caught the quick down to the Lafayette 21 when Wilson Vecker forced him out of bounds. Two plays later Joe Mirello kept the ball and clinched the win with a 1 yard TD.
